PROPOSED OFFICE & CHILDRENS SPACES RENOVATION 2025

In order to facilitate safer ministry spaces for children and better stewardship of the facility, GBC proposes renovations which:

1. Move all our staff offices upstairs, renovating the current upstairs office spaces to accommodate them;
2. Renovate the downstairs office space to house our creche and preschool ministries. The extended rationale for this is attached.

An Extraordinary Meeting for Members to vote on the proposed renovation will be held on Sunday 18 May at 11:15am. The Resolution for this meeting is attached.
